CONCORD, MASSACHUSETTS

The town known as the birthplace of the American Revolution created an energy revolution when it made Constellation Energy's Commodities Group its power supplier. A global operation with unsurpassed risk management and customer service skills, Constellation provides the power being delivered reliably to Concord's more than 7,000 customers, helping this Massachusetts town to hold the line on its energy costs. Now that's a revolutionary idea in energy sourcing. How can Constellation make energy work for you? | constellation.com | 410.468.3570
